What They Say About NLBI

Les Williams - Papua, New Guinea

Some years ago I converted two families outside of my normal working area. As time went by it became more and more apparent that their spiritual development was being hindered due to their dysfunctional family relationships.

Out of desperation, I turned to the NewLife Behaviour curriculum in an attempt to bring some basic teaching on Christian life and behavior that would lay a foundation for further spiritual development. Although the language was at a higher level than what would have been preferred, the NLB course was well received and had immediate impact on our goal of maturing these young Christians.

Louis Gerber - Benoni, South Africa

It is well known that South Africa has one of the most liberal constitutions in the world. This has brought about constraints in the way that families and schools discipline children, resulting in troubled families.

As the NLB curriculum addresses various aspects of the family make-up, it is a great tool to reach the community. NLB is a very effective tool in mission work, anybody who listens to the lessons will demand a copy of it. As a mission tool, members of the Lord's church, and non-members alike, embrace it.

NLB is a life-changing program. It drills individuals to really understand themselves. It has helped people to rethink their past lives and take steps to a meaningful life.

Blanca Chavez, Torreon, Mexico.

A group of us had in mind to start doing prison ministry, So, when Brother Hillery comes he says he can go with us to prison! Can you imagine how happy I am? I studied those lessons when I was in prison, and for sure God change my way of thinking through those lessons!

Blanca Chavez

Please pray for this ministry, there are so many souls in prison that do not know that they can be different persons if only they can change their way of thinking. They need to know that God loves them so much that he died for them.
